

# ADDITION ET SOUSTRACTION DE NOMBRES RELATIFS

## Exercice 1

Calculer :  $A = (+4) + (+5)$                        $B = (+4) + (-8)$                        $C = (-4) + (+8)$   
 $D = (-7) + (-5)$

## Exercice 2

Calculer :  $F = (+4) + (-3) + (+7) + (+8)$                        $G = (-7) + (+4) + (-3) + (+2) + (-5)$   
 $H = (+5) + (-3) + (-7) + (+4) + (+3) + (-5) + (+7) + (-4)$

## Exercice 3

Recopier et compléter :

$K = (-7) - (-8)$                        $L = (+4) - (+5)$                        $M = (-3) - (+3)$                        $N = (+5) - (-7)$   
 $K = \dots + \dots$                        $L = \dots + \dots$                        $M = \dots + \dots$                        $N = \dots + \dots$

## Exercice 4

Calculer :  $P = (-3) - (-7)$                        $R = (+2) - (+5)$                        $S = (-5) - (+3)$                        $T = (+4) - (-3)$

## Exercice 5

Calculer :  $V = (-3) + (+4) - (-7) + (-2) - (+5)$                        $X = (+7) - (-3) + (-4) - (+6) + (+2)$

## Exercice 6

Calculer :  $Y = -3 + 4 + 5 - 7$                        $Z = 5 - 7 - 8 + 4$
